If you are interested in:

1. social and economic justice
2. equality and less income inequality
3. workplace democracy and autonomy
4. work-life balance
5. improving the world because you are young and you have the most to lose with a rapidly decaying planet,

Then, read this paragraph. It comes from a document you should ponder endorsing.

If the paragraph is intriguing to you, click the link, read the rest and consider endorsing it!

Then, join or help form a co-op!

COOPERATE TO TRANSFORM SOCIETY

We, young cooperative leaders and members, believe in the co-operative principles and cooperative values. We believe that the co-operative movement must be at the centre of creating a more sustainable and equal economy. This economy should be built around principles of democracy, social justice and solidarity.
