This afternoon BC Ombudsperson Kim Carter will be speaking to at the BC Health Coalition's Seniors' Forum in Burnaby. She released her interim report in December 2009 called "[The Best of Care: Getting It Right for Seniors in British Columbia \(Part 1\)](#)". We expect her final report before summer sets in.

Her talk starts at 1pm today when the liveblogging will begin.

I'll also be liveblogging the [public forum](#) tonight.
